A detailed view of a LEGO Technic assembly. It features a black motor at the bottom left, connected to a series of gears. A large grey gear is meshed with a smaller grey gear, which is in turn meshed with a small black gear. This small black gear is connected to a pulley system consisting of a black pulley and a grey pulley. The pulleys are connected by a black rubber band. The entire assembly is built using various grey and black Technic beams and connectors.

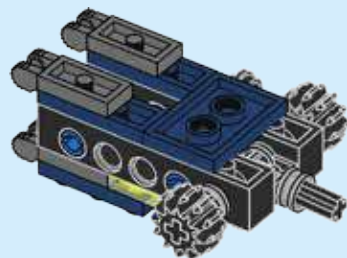

A detailed view of a LEGO Technic assembly. It features a black motor at the bottom left, connected to a series of grey gears. A yellow 1x2 plate is positioned on top of the assembly, with a black axle passing through it. The entire structure is built using various black and grey Technic beams and connectors.

A detailed view of a LEGO Technic assembly. It features a black motor at the bottom, connected to a series of grey gears. A blue 1x5 beam is mounted on top, with a yellow 1x2 plate and a white 1x2 plate attached. The assembly is built on a black base.
